Mr. William J. Casey:

We the members of the Foreign Subversion and Instability Center in the Office of Global Issues have been very saddened by your recent illness and your decision to resign as Director of Central Intelligence. As a group, we owe a great deal of the recognition and job satisfaction that we have received over the past few years to you personally. It was through your interest and initiative that our responsibilities--political instability, insurgency, subversion, and counterintelligence analysis--were developed and recognized as an integral part of the intelligence business.

We thank you for your leadership and wish you a speedy and complete recovery. Your interest and dedication will be sorely missed by all of us.

Sincerely,

STAT

Chief, Foreign Subversion and Instability Center
